Uncover Rubik's Cube

How to play?

Hint

Note: if the user successfully unsolve the cube, this window comes out automatically.

Congratulation! You finish the game!

Note: if the user clicks "Hint" button, we will rotate one side of cube to show the solution. The user can click it for several times to see next several steps.

Note: if the user puts the mouse on the button "How to play?", we will display this page.

How to play

Step 1: click one side of a block to choose it

Step 2: click up, down, left or right button to rotate
